File For Zone Code Post Gfx Error

I use this website: Once all of the patches are done, restart your computer, replace the backup you made and try playing the game.. However, to help fuel the fire, donations go a long way To provide a better service for everyone, purchasing Premium not only supports the site, but provides for further site progression and grants access to lots of exclusive privileges.. • About us Se7enSins caters to all types of gamers across the globe, aiming to provide access to the latest news, releases, mods and a great deal more.. Once the install is done, download all of the patches (the mod tools patches aren't needed).. For Call of Duty 4: Modern Warfare on the PC, a GameFAQs message board topic titled 'Nee help-----FastFile for zone 'code_post_gfx' is corrupt or unreadabl'.

ff'What the?!?Can somebody hel It sounds like it's corrupted Try re-installing the game.. Please do not hesitate to share the experience • • • • • • Site Functions • • • • Useful Links • • • • • Support the site Development and day-to-day site maintenance is a service provided by the staff for the members.. I already runned the cache files check in steam and still the same error I removed the local files from steam and downloaded.. Once that is done, insert the cd and install call of duty WAW again Make sure no other programs are being run at the same time.. War zone english code_post_gfx ff I downloaded the game, I start it and then I get this message:ERROR: Could not find zone 'c: program files steam steamapps common call of duty 4 zone english code_post_gfx.. I already runned the cache files check in steam and still the same error I removed the local files from steam and downloaded the game again and you know what?SAME ERROR Whats happening? HERE IS A PRINT SCREEN.. Hi i just received the game and can't play it in my desktop Last night i runned it for the first time in my laptop and no problem.. Today i downloaded the game in my desktop and when i run that error pops I even got one error just saying 'WIN_IMPROPER_QUIT_BODY' with YES, NO and CANCEL options.. With a diverse range of content and a welcoming, amicable and tight-knit community, Se7enSins is a forum open to anyone and everyone.

To backup your save files either use the program from this website or follow the tutorial: Then go to control panel - add/remove programs (or just un-install a program depending on what Operating System you are using) and uninstall Call of Duty WAW.
